Creating Table of Contents alerts in Ovid Online

Table of contents alerts can be set up to provide automatic email notification of the contents of the latest issues of selected journals. This guide will demonstrate how this can be done for journals available through the Ovid Online platform.

To see which journals are available click on the Journals link at the top of the screen:

There are different options to search for specific journal titles:

- entering the title of a journal
- searching alphabetically
- searching by subject

Click on a journal title to select it. The latest contents, and links to previous issues, will be displayed.

To set up an alert to the latest contents of the journal click on the @eTOC link:
Enter your email address and click on the Subscribe button:

You can check what journals you have subscribed to by selecting the My Workspace link at the top of the screen, followed by My eTocs:
