Exporting your results from Ovid Online into RefWorks

Having saved all of your results from the various databases you have searched in Ovid Online into one folder, you can then export these results into Refworks.

To do this:

- Open your folder
- Tick the Select all button
- Select the Export button.

An Export Citation(s) box will open.

- Select RefWorks from the Format drop down menu.
- Select Citation, Abstract from the Fields menu.
- Select the Export button.
